## About Harding.

A prominent Republican, who is something of a politician, as are most Republicans, expressed the belief that Senator Hardin, of Ohio, will be the nominee for the Presidency at the meeting of the Republican Convention in June.

It will be recalled that Senator Hardin has campaigned in the Ninth District, and was in Tazewell in the interest of the candidacy of C. B. Slemple in 1916. If we are to have a Republican President next year, it would be difficult to find a man in Harding's class. He owns a newspaper in Ohio, and is an old printer. See!

## Services In The Lutheran Church.

The people of Tazewell are most cordially invited to worship at the Lutheran church Sunday morning. The pastor will preach on the subject, God's Reward for Service Matth. 20: 1-16. It is Septuagesima Sunday—which means that it is only about seventy days until Easter. It is well to begin a constructive process of "spiritual preparedness" for that blessed season. There is no better manner in which to begin this "preparation" than by worshipping in the Lord's House.

In the afternoon at three o'clock the pastor will preach at Concord Union Church.

The big Price Thaw sale which began at M. J. Hankins store on Wednesday, is still in progress. There are still many bargains for all members of the family.

## PARENTS PLEASE NOTICE.

There are a number of boys in the town who are continuously giving trouble, annoying people, destroying and defacing property, and doing numerous other things that cannot be classed as merely mischievous, and will lead to other things unless checked. We have means of handling these boys under the laws of the town, but if there is any other remedy the authorities do not like to apply the punishments prescribed in the cases of boys as young as those who are causing the trouble. The other remedy is with the parents. Those parents who have boys who run about over the town at all hours without restriction are advised to better acquaint themselves with what these boys are doing and keep them at home and under control. We have a law in town prohibiting boys under sixteen from being on the street after nine o'clock at night without good excuse.

We are using this as the only method we have of asking the co-operation of parents to keep down rowdiness and worse. We expect to see that it is stopped. If you have a fine to pay for your boy, don't content yourself with abusing those whose duty it is to enforce the law and protect property. Find out what your boy is doing and correct him before he gets into trouble.

JOHN S. THOMPSON, Sgt. 1-30-21.

## The Fool.

"But it isn't playing the game," he said, "And he slammed his books away. 'The Latin and Greek I've got in my head. Will do for a duller day.' 'Rubbish,' I cried. 'The bugle's call isn't for lads from school.' D'ye think he'd listen? Oh, not at all. So I called him a fool, a fool! Now, there's his dog b the empty bed, And the flute he used to play, And his favorite hat—but Dick, he's dead, Somewhere in France they say, Dick with his rapture of song and sun, Dick of the yellow hair, Dicky whose life had but begun, Carried-cold out there.

Look at his prizes, all in a row; Sure! a hint of fame, Now he's finished with—nothing to show; Doesn't it seem a shame? Look form the window! All you see Was to be in some day; Forest and furrow, lawn and lea, And he goes and chucks it away.

Chucks it away to die in the dark; Somebody saw him fall, Part of him—dead, part of his blood, The rest of him—not at all. And yet I'll bet he was never afraid And he went as the best of 'em go, For his hand was clenched on his broken blade, And has face was turned to the foe, And I called him a fool—oh, how blind was I! And the cup of my griefs' abrim. —The London Times.

## Dont Depend on Spring Deliveries.

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply of production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead. If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay up" your car for the winter. Buy a Ford car now and use it now.
